NuSpark is a multi-faceted start-up resource connecting the New River and Roanoke valleys of Virginia with the goal of creating 10 new start-ups and generating $10 million in cash flow within two years. Located in Blacksburg, NuSpark is a work and collaboration space for innovators with pre-launch start-ups. With the help of NuSpark big thinkers can build their big ideas into new ventures, be it a new technology, application of a technology to a social problem, or a new commercial idea.
